

Huatai In-Vehicle: 2016 Advanced Enterprise of Xinming Community

On March 10, 2017, the 2017 Innovation Development Conference of Xinming Community of Ningbo City was held in Gaoxin Hall on 4th floor of Tiangangxiyue Hotel of Innovation Bay of Ningbo. In 2016, in the face of domestic and international complicated and fierce economic conditions, many enterprises with sound performance and great contributions to economic development emerged in Xinming Community, thus promoting the stable development of the economy of its locality.

To encourage those enterprises with satisfactory performance and to set good examples, the party committee and office of the Community, after evaluating the general conditions of operation and business of all enterprises, decided to award 69 enterprises including Huatai In-Vehicle Technology Co., Ltd. of Ningbo.

Established in High and New Development Zone of Ningbo in April of 2015, Huatai In-Vehicle (Ningbo) Technology Co., Ltd. is affiliated to Huazhong Group and was honored the title of “Science-oriented Small and Medium Enterprise of Zhejiang Province” and “New Innovation-oriented Enterprise of Ningbo”. It is a high and new technology enterprise with world’s leading technology in Telematics and boasts a R&D team composed of senior intellectuals including Chinese and foreign Doctors and Masters. It deals with the R&D of in-vehicle technology, intelligent transportation technology, Telematics system and full intelligent terminal operation system and the R&D, production and sales of in-vehicle device which are part of the strategy of Huazhong to develop auto industry based on intelligent network connection.
